< 초록 (Abstract) >

1. Introduction

ㄱ. Purpose of this project

-
-

ㄴ. Background

(1) MPI

A. Message Passing Interface

-
-

B.

(2) two

2. Design proposal

ㄱ. Language to use

(1) HTML

(2) JavaScript

(3) Python

(4) C/C++

(5) Ruby

L|. How to implement

(1) Core of program

A. One

B. two

(2) wow

[|. User Interface

-

3. Reference
